

Bright & Smart Robotics

Ages 8 and up

At Bright & Smart, children will learn hands-on robot assembly and computer programming in a fun-filled experience that fosters teamwork, critical and creative thinking, and problem solving skills.

Our goal is to teach kids basic engineering skills and facilitate the development of their higher cognitive skills, while giving them the opportunity to discover and develop their natural abilities.

Small student/instructor ratios. We only accept 12 students per class so all students can learn the skills correctly.

Dates

February 5 - April 9
(No class on March 26)

Days/Time

Wednesdays, 3:30 to 5:00 p.m.

Fees

8-Week Course: \$210*

Introductory Class (February 5 only): \$15

*Additional one-time equipment use charge of \$30 paid directly to the instructor at first class.

Students that paid for the intro class only have to pay \$195.

Fees can be paid by credit card (MasterCard or Visa ONLY).
